Communication Tips:

Write about why you want something in addition to what you want. It will be easier for others to understand your suggestions or concerns and brainstorm solutions to meet your needs.

For example, "I'm concerned basketball courts will use lighting that is obtrusive at night," is more informative than "No basketball courts!"

What do you believe to be the five most important amenities for the park on McCutcheon Road?

walking path around the perimeter

splash pad

small playground

soccer fields/open areas

lighted basketball court

Please explain your reasons for choosing your top 5 amenities.

We would make this part of our daily walks if we were able to stroll to/play at a closer playground. A splash pad would be a fabulous way for the neighborhood kids to cool off in the summer.

What do you believe to be the five most important amenities for the park on McCutcheon Road?

Splash pad
Playground equipment
Shelter
Walking paths
Landscaping

Please explain your reasons for choosing your top 5 amenities.

A splash pad and playground equipment in walking distance would be wonderful for our children. A shelter would make the park a good spot for parties, family gatherings, etc. A walking path with attractive landscaping would also be very pleasant, encouraging physical fitness. All of these items would foster community by providing a great place to gather to enjoy the outdoors.

What do you believe to be the five most important amenities for the park on McCutcheon Road?

Splash pad

Walking/jogging path around perimeter

Playground

Lighted basketball courts

Please explain your reasons for choosing your top 5 amenities.

Splash pads are a fun activity for kids and there are very few parks with them in this area. The playground, basketball courts, and path would make this a great spot for the whole family to enjoy.

There are no great playgrounds on this side of Gahanna. A park like Millstone creek in Westerville draws in other folks to our great city. The park is accessible to all and great for families. A splash pad would be great and another unique feature to Gahanna.

What do you believe to be the five most important amenities for the park on McCutcheon Road?

Walking path that circles around the perimeter of the area, with fitness stations
lighted basketball court
lighted tennis court and tennis wall (for solo play), also useable as pickleball court
playground equipment
community garden and/or garden bed rental

Please explain your reasons for choosing your top 5 amenities.

Encouraging health and fitness for all ages within the community. Providing positive and safe activities for children and teenagers in the area. Relieving congestion at the Gahanna YMCA (which is currently very busy and overloaded with scheduled classes/activities, fitness equipment, kids activities and open gym basketball). Any new active park area would take some of the burden off the YMCA and allow a better experience for the entire community.
